The hunts being offered for sale are to take place in the Nyakasanga and Sapi safari areas of the Zambezi Valley. Nyakasanga safari area borders Manapools National Park, a non hunting area, which acts as the source of good trophy animals. The quality of hunting in the areas is of high standard and is internationally recognized. Trophy sizes of above 45 inches and 60 pounds for buffalo and elephant respectively have been recorded in the areas. More information about hunting in the area will be provided in the 2009 Zambezi Valley Hunting Camps Auction Prospectus to be availed on this website soon.
